DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on November 6, 2006 has been entered.

Allowable Subject Matter

2. Claims 1, 4-10, 13 and 16-20 are allowed.
3. The claims were previously allowed in the Notice of Allowability, mailed August 7, 2006.
4. The following is an examiner's statement of reasons for allowance: The prior art does not teach and/or suggest the limitations in independent claims 1 and 13: "wherein the moisturizer comprises a vessel with at least one gas inlet and gas outlet, the at least one gas inlet and gas outlet being connected to each other via a moisturizing connection, such that in case a purge gas flows through the moisturizing connection, the purge gas is fed through a liquid present in the vessel and the purge gas is moisturized" and "a dry gas inlet, connected to the at least one gas outlet, configured to mix a non- moisturized purge gas with the moisturized purge gas fed through the liquid to thereby obtain the purge gas mixture."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
